

**Please be advised that the rear
entrance to the Public Library
will be closed temporarily.**

We are working to build a new accessibility ramp to make your visits safer and enjoyable.

Please contact our Library Staff if you require them to meet you outside to sign out or return a book. We understand the temporary closure will be frustrating, but are committed to creating a safe entry for you, your family, and friends to enjoy our building.

Please call 705-356-7616 for our staff to assist you

Thank you for your patience
