

# Call to Artists

---

Timber Village Museum is engaging Northern Ontario's talented artisans and creators to present themselves and their list of items that are to be showcased in TVM's Gift Shop.

**There's even more to benefit from as a local artist in 2019!**

Blind River's Marine Park has improved its tourism strategy to become a sister-site for area artists to showcase their talents. The wave *waterfront lounge* will be a WIFI lounge and gift shop. Its intention is to provide a gateway space that encourages visitors to explore Blind River.  
(while supporting local talent!)
