

## NOTICE OF SUBMISSION OF ENVIRONMENTAL ASSESSMENT

### TOWN OF BLIND RIVER MUNICIPAL LANDFILL SITE MUNICIPAL WASTE MANAGEMENT PLAN

The Town of Blind River has completed the Municipal Waste Management Plan for the landfill site. As required under section 6.2(1) of the *Environmental Assessment Act* and according to the terms of reference approved by the Minister of Environment, Conservation and Parks in July of 2008, the Town of Blind River has submitted its environmental assessment to the Ministry of Environment, Conservation and Parks for review and approval.

The Town of Blind River initiated the Environmental Assessment (EA) process under the *Environmental Assessment Act* to address the declining capacity at the Town's landfill site. The municipal waste management plan will ensure that sufficient waste management capacity is available for the approximately 3,500 residents of the Town of Blind River for the next 25 to 40 years. Kresin Engineering Corporation was retained by the Town of Blind River to develop the Municipal Waste Management Plan for the landfill site.

The Town of Blind River Landfill Site has been in operation since the 1970s and is licensed under Certificate of Approval Number A713870. The site is situated on 2 hectares of approved land and is licensed to receive domestic, commercial, and nonhazardous solid industrial wastes, scrap wood and brush, and iron sludge produced by the water treatment plant at Cameco Corporation.

As required under the *Environmental Assessment Act*, the environmental assessment will be available for public review and comment from August 30, 2024 to October 18, 2024.

You may review the environmental assessment during normal business hours at the following locations:

1. Ministry of the Environment, Conservation and Parks  
Environmental Approvals Access and Service Integration Branch  
135 St. Clair Avenue West, 1<sup>st</sup> Floor  
Toronto, Ontario M4V 1P5
